

From the Office of Santa Claus

Dear Billy,

It's snowing here and is so pretty outside. The reindeer are outside playing in the snow and having a great time.

I'm sitting inside next to the fireplace checking my list - - twice!
I was so pleased to find your name along with your friend, Brian's name on the good list.

By the way, congratulations on that report card! I am proud of you, keep up the good work. Say, do you remember that book you received last year? Wait until you see your gift this year!

It's break time in the workshop, the elves have been so busy. Mrs. Claus has baked cookies for everyone, so I'm off to get some for myself; you know how much I like them!

Merry Christmas!

Love, Santa
